## PINEY CREEK VILLAGE METROPOLITAN DISTRICT

Notes to Financial Statements  
December 31, 2021

**Note 1: Summary of Significant Accounting Policies**

The accounting policies of the Piney Creek Village Metropolitan District, (“the District”), located in Arapahoe County, Colorado (“the County”); conform to the accounting principles generally accepted in the United States of America (“GAAP”) as applicable to governmental units. The Governmental Accounting Standards Board (“GASB”) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The following is a summary of the more significant policies consistently applied in the preparation of financial statements.

Definition of Reporting Entity

The District was organized on June 18, 2001, as a quasi-municipal organization established under the State of Colorado Special District Act. The District was established to finance and construct certain improvements that benefit the citizens of the District. The District's primary revenues are property taxes. The District is governed by an elected Board of Directors.

As required by GAAP, these financial statements present the activities of the District, which is legally separate and financially independent of other state and local governments. The District follows the GASB pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB sets forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency. The pronouncements also require including a possible component unit if it would be misleading to exclude it.

The District is not financially accountable for any other organization. The District has no component units as defined by the GASB.

The District has no employees and all operations and administrative functions are contracted.

Notes to Financial Statements  
December 31, 2021

**Note 1: Summary of Significant Accounting Policies (continued)**

Basis of Presentation

The accompanying financial statements are presented per GASB Statement No. 34 - Special Purpose Governments.

The government-wide financial statements (i.e. the governmental funds balance sheet/statement of net position and the governmental funds statement of revenues, expenditures, and changes in fund balances/statement of activities) report information on all of the governmental activities of the District. The statement of net position reports all financial and capital resources of the District. The difference between the (a) assets and deferred outflows of resources and the (b) liabilities and deferred inflows of resources of the District is reported as net position. The statement of activities demonstrates the degree to which expenditures/expenses of the governmental funds are supported by general revenues. For the most part, the effect of interfund activity has been removed from these statements.

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are collected.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The material sources of revenue subject to accrual are property taxes and interest. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation is paid.

## PINEY CREEK VILLAGE METROPOLITAN DISTRICT

Notes to Financial Statements  
December 31, 2021

**Note 1: Summary of Significant Accounting Policies (continued)**

The District reports the following major governmental funds:

*General Fund* - The General Fund is the general operating fund of the District. It is used to account for all financial resources not accounted for and reported in another fund.

*Debt Service Fund* - The Debt Service Fund is used to account for all financial resources that are restricted, committed or assigned to expenditures for principal, interest and other debt related costs.

Budgetary Accounting

Budgets are adopted on a non-GAAP basis for the governmental funds. In accordance with the State Budget Law of Colorado, the District's Board of Directors holds public hearings in the fall of each year to approve the budget and appropriate the funds for the ensuing year. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated. The appropriation is at the total fund expenditures level and lapses at year end.

Assets, Liabilities and Net Position:

Fair Value of Financial Instruments

The District's financial instruments include cash and cash equivalents, accounts receivable and accounts payable. The District estimates that the fair value of all financial instruments at December 31, 2021, does not differ materially from the aggregate carrying values of its financial instruments recorded in the accompanying balance sheet. The carrying amount of these financial instruments approximates fair value because of the short maturity of these instruments.

Deposits and Investments

The District's cash and cash equivalents are considered to be cash on hand and short-term investments with maturities of three months or less from the date of acquisition. Investments for the government are reported at fair value.

## PINEY CREEK VILLAGE METROPOLITAN DISTRICT

Notes to Financial Statements  
December 31, 2021

**Note 1: Summary of Significant Accounting Policies (continued)**

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a minimum number of bank accounts. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash.

Estimates

The preparation of these financial statements in conformity with GAAP requires the District management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. As of December 31, 2021, the District has one item that qualifies for reporting in this category. It is the deferred loss on refunding reported in the government-wide statement of net position. A deferred loss on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has one item that qualifies for reporting in this category. Deferred property taxes are deferred and recognized as an inflow of resources in the period that the amounts become available.

Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets (e.g. roads, bridges, sidewalks, and similar items), are reported in the applicable governmental activities columns in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation.

## PINEY CREEK VILLAGE METROPOLITAN DISTRICT

Notes to Financial Statements  
December 31, 2021

**Note 1: Summary of Significant Accounting Policies (continued)**

The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend the life of the asset are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related fixed assets, as applicable using the straight-line method. Depreciation on property that will remain assets of the District is reported on the Statement of Activities as a current charge. Improvements that will be conveyed to other governmental entities are classified as construction in progress and are not depreciated. Land and certain landscaping improvements are not depreciated. No depreciation expense was recognized during 2021.

All assets were transferred to Arapahoe County and East Cherry Creek Valley Water and Sanitation District as of December 2003.

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year.

The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April 30 or if in equal installments, at the taxpayers' election, in February and June. Delinquent taxpayers are notified in July or August and the sales of the resultant tax liens on delinquent properties are generally held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflows in the year they are levied and measurable since they are not normally available nor are they budgeted as a resource until the subsequent year. The deferred property taxes are recorded as revenue in the subsequent year when they are available or collected.

Property owners within the boundaries of the District have been assessed \$416,764 for 2021. Since these taxes are not normally available to the District until 2022, they are classified as deferred income until 2022.

Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities.

Loss on Refunding

The Loss on Refunding from the 2015 Loan is being amortized over the term of the refunding loan using the straight line method. Accumulated amortization on the loss on refunding amounted to \$120,713 at December 31, 2021.

Fund Equity

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications make the nature and extent of the constraints placed on a government's fund balance more transparent:

Nonspendable Fund Balance

Nonspendable fund balance includes amounts that cannot be spent because they are either not spendable in form (such as inventory or prepaids) or are legally or contractually required to be maintained intact.

The nonspendable fund balance in the General Fund in the amount of \$3,554 represents prepaid expenditures.

Restricted Fund Balance

The restricted fund balance includes amounts restricted for a specific purpose by external parties such as grantors, bondholders, constitutional provisions or enabling legislation.

The restricted fund balance in the General Fund represents Emergency Reserves that have been provided as required by Article X, Section 20 of the Constitution of the State of Colorado. A total of \$1,098 of the General Fund balance has been restricted in compliance with this requirement.

The restricted fund balance in the Debt Service Fund in the amount of \$274,973 is restricted for the payment of the debt service costs associated with the 2015 Loan (see Note 4).

Assigned Fund Balance

Assigned fund balance includes amounts the District intends to use for a specific purpose. Intent can be expressed by the District's Board of Directors or by an official or body to which the Board of Directors delegates the authority.

## PINEY CREEK VILLAGE METROPOLITAN DISTRICT

Notes to Financial Statements  
December 31, 2021

**Note 1: Summary of Significant Accounting Policies (continued)**

Committed Fund Balance

The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by a formal action of the government's highest level of decision-making authority, the Board of Directors. The constraint may be removed or changed only through formal action of the Board of Directors.

Unassigned Fund Balance

Unassigned fund balance includes amounts that are available for any purpose. Positive amounts are reported only in the General Fund, all other funds can report negative amounts.

For the classification of Governmental Fund balances, the District considers an expenditure to be made from the most restrictive classification first when more than one is available.

Net Position

Net Position represents the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources. The District reports three categories of net position, as follows:

*Net investment in capital assets* – consists of net capital assets, reduced by outstanding balances of any related debt obligations and deferred inflows of resources attributable to the acquisition, construction, or improvement of those assets and increased by balances of deferred outflows or resources related to those assets.

*Restricted net position* – net position is considered restricted if their use is constrained to a particular purpose. Restrictions are imposed by external organizations such as federal or state laws. Restricted net position is reduced by liabilities and deferred inflows of resources related to the restricted assets.

*Unrestricted net position* – consists of all other net position that does not meet the definition of the above two components and is available for general use by the District.

When an expense is incurred for purposes for which both restricted and unrestricted net position are available, the District will use the most restrictive net position first.

**Note 2: Cash and Investments**

As of December 31, 2021, cash and investments are classified in the accompanying financial statements as follows:

Statement of Net Position:	
Cash and investments	\$ 56,991
Cash and investments - Restricted	<u>273,883</u>
Total	\$ <u>330,874</u>

Cash and investments as of December 31, 2021, consist of the following:

Deposits with financial institutions	\$ 5,265
Investments – COLOTRUST	<u>325,609</u>
	\$ <u>330,874</u>

Deposits:

Custodial Credit Risk

The Colorado Public Deposit Protection Act (“PDPA”) requires that all units of local government deposit cash in eligible public depositories. State regulators determine eligibility. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool is to be maintained by another institution, or held in trust for all the uninsured public deposits as a group. The market value of the collateral must be at least equal to the aggregate uninsured deposits. The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

The District follows state statutes for deposits. None of the District’s deposits were exposed to custodial credit risk.

Investments:

Investment Valuation

Certain investments are measured at fair value within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The District’s investment is not required to be categorized within the fair value hierarchy. This investment’s value is calculated using the net asset value method (NAV) per share.

Credit Risk

The District investment policy requires that the District follow state statutes regarding investments. Colorado statutes specify the types of investments meeting defined rating and risk criteria in which local governments may invest. These investments include obligations of the United States and certain U.S. Government agency entities, certain money market funds, guaranteed investment contracts, and local government investment pools.

Custodial and Concentration of Credit Risk

None of the District's investments are subject to custodial or concentration of credit risk.

Interest Rate Risk

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors.

As of December 31, 2021, the District had the following investments:

COLOTRUST

The local government investment pool, Colorado Local Government Liquid Asset Trust ("COLOTRUST" or the "Trust") is rated AAAM by Standard & Poor's with a weighted average maturity of under 60 days. COLOTRUST is an investment trust/joint venture established for local government entities in Colorado to pool surplus funds. The State Securities Commissioner administers and enforces all State statutes governing the Trust. COLOTRUST records its investments at fair value and the District records its investment in COLOTRUST using the net asset value method. The trust operates similarly to a money market fund with each share maintaining a value of \$1.00. The Trust offers shares in two portfolios, COLOTRUST PRIME and COLOTRUST PLUS+. Both investments consist of U.S. Treasury bills and notes and repurchase agreements collateralized by U.S. Treasury securities. COLOTRUST PLUS+ may also invest in certain obligations of U.S. government agencies, highest rated commercial paper and repurchase agreements collateralized by certain obligations of U.S. government agencies. Designated custodian banks provide safekeeping and depository services to the Trust. Substantially all securities owned by the Trust are held by the Federal Reserve Bank in the accounts maintained for the custodian banks. The custodians' internal records identify the investments owned by COLOTRUST. At December 31, 2021, the District had \$325,609 invested in COLOTRUST.

**Note 3: Capital Assets**

The District has previously completed and transferred all capital assets to Arapahoe County and East Cherry Creek Valley Water and Sanitation District.

**Note 4: Long Term Debt**

The following is an analysis of changes in long-term debt for the period ending December 31, 2021:

	<b>Balance 12-31-20</b>	<b>Additions</b>	<b>Retirements</b>	<b>Balance 12-31-21</b>	<b>Current Portion</b>
<u>Loans from direct borrowing and direct placements:</u>					
Refunding Loan-Series 2015	\$ 4,960,000	\$ -	\$ 205,000	\$ 4,755,000	\$ 210,000
Total Long-term Debt	\$ 4,960,000	\$ -	\$ 205,000	\$ 4,755,000	\$ 210,000

A description of the long-term obligations as of December 31, 2021, is as follows:

2015 Loan Agreement and Note (\$6,085,000)

On May 5, 2015, the District and U.S. Bank National Association (the “Bank”) entered into a Loan Agreement pursuant to which the Bank loaned the District \$6,085,000 (“2015 Loan”) for the purpose of refunding the District’s \$6,600,000 General Obligation Limited Tax Convertible to Unlimited Tax Bonds, Series 2005 (“2005 Bonds”). The 2015 Loan was obtained to provide \$6,400,261 in order to refund the outstanding balance of the 2005 Bonds of \$6,070,000. The District executed a Promissory Note evidencing the 2015 Loan in the total amount of \$6,085,000.

The 2015 Loan matures on August 1, 2025 and bears interest at a fixed rate of 2.68%. Principal payments on the Loan are due on each December 1, commencing on December 1, 2015, and interest payments are due on each June 1 and December 1, commencing December 1, 2015. On any date on or after May 5, 2022, the District may, at its option, prepay all or any part of the principal of the Loan plus accrued without any prepayment penalty.

The 2015 Loan is payable from and secured by the Pledged Revenue, which consists of the Required Mill Levy (described below), the portion of the Specific Ownership Taxes (as defined in the Loan Agreement) allocable to the amount of the Required Mill Levy, and any other legally available moneys which the Board of Directors of the District determines in its sole discretion to apply as Pledged Revenue. Subject to the limitations of the District’s electoral authorization, and as further described in Loan Agreement, the Required Mill Levy means (a) prior to the Maturity Date, an ad valorem mill levy imposed upon all taxable property of the District each year in an amount sufficient, when combined with moneys held in the Loan Payment Fund (as defined in the Loan Agreement), to pay the Estimated Debt Requirements (as defined in the Loan Agreement), but not in excess of 99.00 mills less the amount of the Operations Mill Levy (as defined in the Loan Agreement), and (b) for any debt service tax levy occurring on or after the Maturity Date, an ad valorem mill levy imposed upon all taxable property of the District each year in the amount of 61.181 mills as adjusted by the Gallagher amendment.

**Note 4: Long-Term Debt (continued)**

Events of Default as defined by the Loan Agreement include a) failure by the District to impose the Required Mill Levy or to apply the Pledged Revenue as required by the Loan Agreement, b) failure by the District to pay the principal of or interest on the Loan or any other amount payable to the Bank under the Loan Agreement when due, c) failure by the District to perform any of the covenants, agreements, or conditions required by the Series 2015 Loan Agreement or the other Financing documents and failure to remedy the default within 30 days of notice by the Bank, provided, however, that there shall be no Event of Default for failure to perform any of these covenants, agreements, or conditions if a court or other jurisdiction has determined them to be unlawful, d) determination that any representation or warranty made by the District proves to be untrue or incomplete in any material respect, e) the occurrence and continuance of an event of default or an event of nonperformance under the Custodial Agreement or any of the other Financing Documents after the expiration of any grace period, f) failure by the District to pay the principal of or interest when due on any financial obligation of the District and continuance of such default beyond any grace period, g) the pledge of the Pledged Revenue or any other security interest created under the Loan Agreement fails to be fully enforceable with the priority required therein, h) any judgement or court order exceeding insurance coverage in excess of \$50,000 is rendered against the District and the District fails to pay or satisfy such judgment for 30 days, i) a change occurs in the financial or operating condition of the District which the Bank judges to have a material adverse impact on the District and its ability to satisfy its obligations under this agreement and the District fails to cure such condition within the time specified by the Bank, j) the District commences any case, proceeding, or other action relating to bankruptcy, insolvency, reorganization, relief of debtors or appointment of a receiver, trustee or custodian, k) any financing document related to the Series 2015 Loan or pledge or security interest related to such documents ceases to be valid or enforceable, l) the District's auditor delivers a qualified opinion with respect to the District's status as a going concern, m) any funds or investments on deposit in, or otherwise to the credit of, any of the funds or accounts established under the Loan Agreement or Custodial Agreement shall become subject to any writ, judgment, warrant, attachment, execution, or similar process, or n) any determination, decision, or decree by the IRS or other court which results in interest payable on the Series 2015 Loan becoming includable in the gross income of an owner, unless appealed or contested in good faith by the District. Remedies are available to the Lender as described in the Loan Agreement, however, except for the application of the interest rate being changed to a Default Rate, no remedy will be available solely because of the failure of the District to pay principal of, or interest on, the Loan when due. Acceleration of the Loan is also not an available remedy for an Event of Default.

**Note 4: Long-Term Debt (continued)**

As a result of the issuance of the 2015 Loan, the 2005 Bonds are considered to be defeased and the liabilities have been removed from the governmental activities column of the statement of net position. The reacquisition price of the old debt exceeded the net carrying amount by \$185,593. This amount is recorded as a deferred outflow and is being amortized over the life of the 2015 Loan. The refunding resulted in an economic gain of approximately \$1,422,345 due to the average interest rate of the Series 2015 Loan being lower than the refunded bonds.

The following is a summary of the annual long-term debt principal and interest requirements as of December 31, 2021:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2022	\$ 210,000	\$ 129,204	\$ 339,204
2023	215,000	123,498	338,498
2024	225,000	117,978	342,978
2025	<u>4,105,000</u>	<u>74,259</u>	<u>4,179,259</u>
	<u>\$ 4,755,000</u>	<u>\$ 444,939</u>	<u>\$ 5,199,939</u>

The District had no unused lines of credit as of December 31, 2021.

**Note 5: Debt Authorization**

As of December 31, 2021, the District had \$12,315,000 of authorized but unissued debt for providing public improvements. In the future, the District may issue a portion or all of the remaining authorized but unissued general obligation debt for purposes of providing public improvements to support development as it occurs within the District's service area. The District did not budget to issue any debt in 2022.

## PINEY CREEK VILLAGE METROPOLITAN DISTRICT

Notes to Financial Statements  
December 31, 2021

**Note 6: Service Plan**

In December 2014, the District petitioned the City of Centennial (the “City”) for acceptance as approving authority over the District which is located entirely within the boundaries of the City and for approval of an amendment to the District’s Service Plan, to remove the Limited Mill Levy cap as defined in the District’s Service Plan. Upon approval of both petitions by the City Council on February 17, 2015, all authority that had been vested with Arapahoe County was transferred to the City. The First Amendment to the Service Plan of the District was approved, removing the Limited Mill Levy cap with the objective to lower the District’s overall mill levy in the long-term by refinancing its existing bonds and lowering the annual interest rate on its indebtedness. These goals can be met by pledging an unlimited mill levy for bond repayment.

**Note 7: Tax, Spending and Debt Limitations**

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer Bill of Rights (“TABOR”), contains tax, spending, revenue and debt limitations which apply to the State of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year’s Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

The District’s management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits will require judicial interpretation.

On November 6, 2001 a majority of the District’s electors authorized the District to collect and spend or retain in a reserve all currently levied taxes and fees of the District without regard to any limitations under Article X, Section 20 of the Colorado Constitution.

**Note 8: Risk Management**

Except as provided in the Colorado Governmental Immunity Act, 24-10-101, et seq., C.R.S., the District may be exposed to various risks of loss related to torts, theft of, damage to, or destruction of assets; errors or omissions; injuries to agents; and natural disasters. The District has elected to participate in the Colorado Special Districts Property and Liability Pool (“Pool”) which is an organization created by intergovernmental agreement to provide common liability and casualty insurance coverage to its members at a cost that is considered economically appropriate. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for auto, public officials’ liability, and property and general liability coverage. In the event aggregated losses incurred by the Pool exceed its amounts recoverable from reinsurance contracts and its accumulated reserves, the District may be called upon to make additional contributions to the Pool on the basis proportionate to other members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

**Note 9: Reconciliation of Government-Wide Financial Statements and Fund Financial Statements**

The Governmental Funds Balance Sheet/Statement of Net Position includes an adjustments column. The adjustments have the following elements:

- 1) long-term liabilities such as bonds payable and accrued bond interest payable are not due and payable in the current period and, therefore, are not in the funds.

The Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances/Statement of Activities includes an adjustments column. The adjustments have the following elements:

- 1) governmental funds report interest expense on the modified accrual basis; however, interest expense is reported on the full accrual method on the Statement of Activities; and
- 2) governmental funds report long-term debt payments as expenditures, however, in the statement of activities, the payment of long-term debt is recorded as a decrease of long-term liabilities.

## PINEY CREEK VILLAGE METROPOLITAN DISTRICT

March 24, 2022

Simmons & Wheeler, P.C.  
304 Inverness Way South, Suite 490  
Englewood, Colorado 80112

This representation letter is provided in connection with your audit of the financial statements of the Piney Creek Village Metropolitan District, which comprise the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information (where applicable) as of December 31, 2021, and the respective changes in financial position and, where applicable, cash flows for the year then ended, and the related notes to the financial statements, for the purpose of expressing opinions as to whether the financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

We confirm, to the best of our knowledge and belief, as of the date of the audit report, the following representations made to you during your audit:

### **Financial Statements**

1. We have fulfilled our responsibilities, as set out in the terms of the audit engagement letter, including (where applicable) our responsibility for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP and for the preparation of the supplementary information in accordance with the applicable criteria.
2. The financial statements referred to above are fairly presented in conformity with U.S. generally accepted accounting principles and include all properly classified funds and other financial information of the primary government and all component units, where applicable, as required by generally accepted accounting principles to be included in the financial reporting entity.
3. We acknowledge our responsibility for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

4. We acknowledge our responsibility for the design, implementation, and maintenance of internal control to prevent and detect fraud.
5. Significant assumptions we used in making accounting estimates, including those measured at fair value, are reasonable.
6. Related party relationships and transactions, including revenues, expenditures/expenses, loans, transfers, leasing arrangements, and guarantees, and amounts receivable from or payable to related parties have been appropriately accounted for and disclosed in accordance with the requirements of U.S. GAAP.
7. Adjustments or disclosures have been made for all events, including instances of noncompliance, subsequent to the date of the financial statements that would require adjustment to or disclosure in the financial statements (or in the schedule of findings and questioned costs, if applicable).
8. The effects of uncorrected misstatements are immaterial, both individually and in the aggregate, to the financial statements as a whole for each opinion unit. A list of the uncorrected misstatements, where applicable, is attached to the representation letter.
9. The effects of all known actual or possible litigation, claims, and assessments have been accounted for and disclosed in accordance with U.S. GAAP.
10. Guarantees, whether written or oral, under which the entity is contingently liable, if any, have been recorded and disclosed.

### **Information Provided**

11. We have provided you with:
  - (a) Access to all information, of which we are aware, that is relevant to the preparation and fair presentation of the financial statements, such as records, documentation, and other matters (and all audit or relevant monitoring reports, if any, received from funding sources).
  - (b) Additional information that you have requested from us for the purpose of the audit.
  - (c) Unrestricted access to persons within the entity from whom you determined it necessary to obtain audit evidence.
  - (d) Minutes of the meetings of the Board of Directors, or summaries of actions of recent meetings for which minutes have not yet been prepared.
12. All material transactions have been recorded in the accounting records and are reflected in the financial statements.
13. We have disclosed to you the results of our assessment of the risk that the financial statements may be materially misstated as a result of fraud.

14. We have no knowledge of any fraud or suspected fraud affecting the entity involving:
  - (a) Management,
  - (b) Employees who have significant roles in internal control, or
  - (c) Others where the fraud could have a material effect on the financial statements.
15. We have no knowledge of any allegations of fraud or suspected fraud affecting the entity's financial statements communicated by employees, former employees, regulators, or others.
16. We have no knowledge of instances of noncompliance or suspected noncompliance with provisions of laws, regulations, contracts, or grant agreements, or abuse, whose effects should be considered when preparing financial statements.
17. We have disclosed to you all known actual or possible litigation, claims, and assessments whose effects should be considered when preparing the financial statements.
18. We have disclosed to you the identity of the entity's related parties and all the related party relationships and transactions of which we are aware.
19. We have made available to you all financial records and related data, and, all audit or relevant monitoring reports, if any, received from funding sources.

### **Government Specific**

20. There have been no communications from regulatory agencies concerning noncompliance with, or deficiencies in, financial reporting practices.
21. Where applicable, we have taken timely and appropriate steps to remedy fraud, noncompliance with provisions of laws, regulations, contracts, or grant agreements, or abuse that you have reported to us.
22. Where applicable, we have a process to track the status of audit findings and recommendations.
23. We have identified to you any previous audits, attestation engagements, and other studies related to the audit objectives and whether related recommendations have been implemented.
24. The District has no plans or intentions that may materially affect the carrying value or classification of assets, liabilities, or equity.
25. Where applicable, we have provided our views on reported findings, conclusions, and recommendations, as well as our planned corrective actions, for the report.
26. We are responsible for compliance with the laws, regulations, and provisions of contracts and grant agreements applicable to us, including tax or debt limits and debt contracts, and legal and contractual provisions for reporting specific activities in separate funds.

27. We have identified and disclosed to you all instances that have occurred or are likely to have occurred, of fraud and noncompliance with provisions of laws and regulations that we believe have a material effect on the financial statements or other financial data significant to the audit objectives, and any other instances that warrant the attention of those charged with governance.

28. We have identified and disclosed to you all instances, which have occurred or are likely to have occurred, of noncompliance with provisions of contracts and grant agreements that we believe have a material effect on the determination of financial statement amounts or other financial data significant to the audit objectives.

29. We have identified and disclosed to you all instances that have occurred or are likely to have occurred, of abuse that could be quantitatively or qualitatively material to the financial statements or other financial data significant to the audit objectives.

30. There are no violations or possible violations of budget ordinances, laws and regulations (including those pertaining to adopting, approving, and amending budgets), provisions of contracts and agreements, tax or debt limits, and any related debt covenants whose effects should be considered for disclosure in the financial statements, or as a basis for recording a loss contingency, or for reporting on noncompliance.

31. Where applicable, as part of your audit, you assisted with preparation of the financial statements and related notes. We acknowledge our responsibility as it relates to those nonaudit services, including that we assume all management responsibilities; oversee the services by designating an individual, preferably within senior management, who possesses suitable skill, knowledge, or experience; evaluate the adequacy and results of the services performed; and accept responsibility for the results of the services. We have reviewed, approved, and accepted responsibility for those financial statements and related notes.

32. The entity has satisfactory title to all owned assets, and there are no liens or encumbrances on such assets nor has any asset been pledged as collateral except as noted in the financial statements.

33. The entity has complied with all aspects of contractual agreements that would have a material effect on the financial statements in the event of noncompliance.

34. We have followed all applicable laws and regulation in adopting, approving and amending budgets.

35. Where applicable, the financial statements include all component units as well as joint ventures with an equity interest, and properly disclose all other joint ventures and other related organizations.

36. The financial statements properly classify all funds and activities in accordance with GASB Statement No. 34.

37. All funds that meet the quantitative criteria in GASB Statement Nos. 34 and 37 for presentation as major are identified and presented as such and all other funds that are presented as major are particularly important to financial statement users.
38. Components of net position (net investment in capital assets; restricted; and unrestricted) and classifications of fund balance (nonspendable, restricted, committed, assigned, and unassigned) are properly classified and, if applicable, approved.
39. Where applicable, investments, derivative transactions, and land and other real estate held by endowments are properly valued.
40. Provisions for uncollectible receivables have been properly identified and recorded.
41. Expenses have been appropriately classified in or allocated to functions and programs in the statement of activities, and allocations have been made on a reasonable basis.
42. Revenues are appropriately classified in the statement of activities within program revenues, general revenues, contributions to term or permanent endowments, or contributions to permanent fund principal.
43. Interfund, internal, and intra-entity activity and balances have been appropriately classified and reported.
44. Special and extraordinary items are appropriately classified and reported, if applicable.
45. Deposits and investment securities and derivative transactions are properly classified as to risk and are properly disclosed.
46. Capital assets, including infrastructure and intangible assets, are properly capitalized, reported, and, if applicable, depreciated.
47. The entity meets the GASB-established requirements for accounting for eligible infrastructure assets using the modified approach if applicable.
48. We have appropriately disclosed the entity's policy regarding whether to first apply restricted or unrestricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available and have determined that net position is properly recognized under the policy. We are following our established accounting policy regarding which resources (that is, restricted, committed, assigned, or unassigned) are considered to be spent first for expenditures for which more than one resource classification is available. That policy determines the fund balance classifications for financial reporting purposes.

49. We are following our established accounting policy regarding resources (that is, restricted, committed, assigned or unassigned) are considered to be spent first for expenditures for which more than one resource classification is available. That policy determines the fund balance classifications for financial reporting purposes.

50. We acknowledge our responsibility for the required supplementary information (RSI). The RSI is measured and presented within prescribed guidelines and the methods of measurement and presentation have not changed from those used in the prior period. We have disclosed to you any significant assumptions and interpretations underlying the measurement and presentation of the RSI.

51. Where applicable, with respect to the supplementary information:

(a) We acknowledge our responsibility for presenting the supplementary information, as defined in the table of contents of the financial statements, in accordance with accounting principles generally accepted in the United States of America, and we believe the supplementary information, including its form and content, is fairly presented in accordance with accounting principles generally accepted in the United States of America. The methods of measurement and presentation of the supplementary information have not changed from those used in the prior period, and we have disclosed to you any significant assumptions or interpretations underlying the measurement and presentation of the supplementary information.

(b) If the supplementary information is not presented with the audited financial statements, we will make the audited financial statements readily available to the intended users of the supplementary information no later than the date we issue the supplementary information and the auditor's report thereon.

52. We have evaluated the entity's ability to continue as a going concern and have included appropriate disclosures, as necessary, in the financial statements.

53. The entity understands that TABOR (Section 20 of Article X of the Colorado Constitution) is complex and subject to interpretation and that many of the provisions will require judicial interpretation. We have reviewed the various provisions and interpretations and believe to the best of our knowledge at this time, the entity is in compliance.
